Summer at CEPI

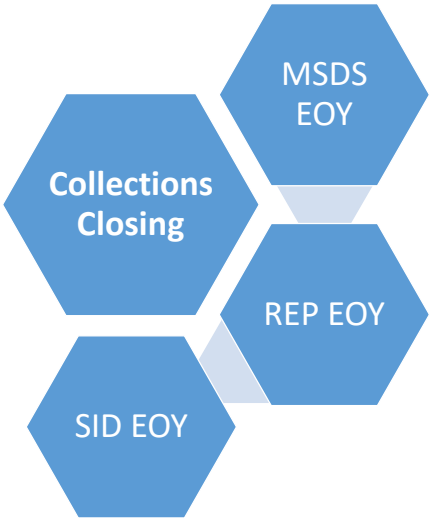

CLOSE YOUR EYES AND HOLD ON!

4

4

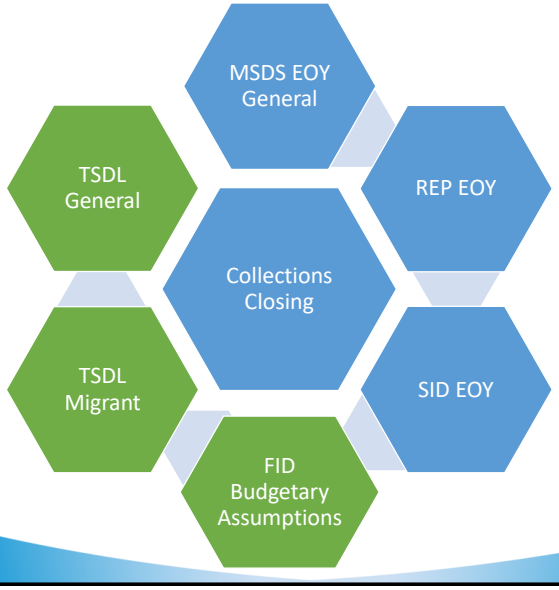

We had some collections close…

5

5

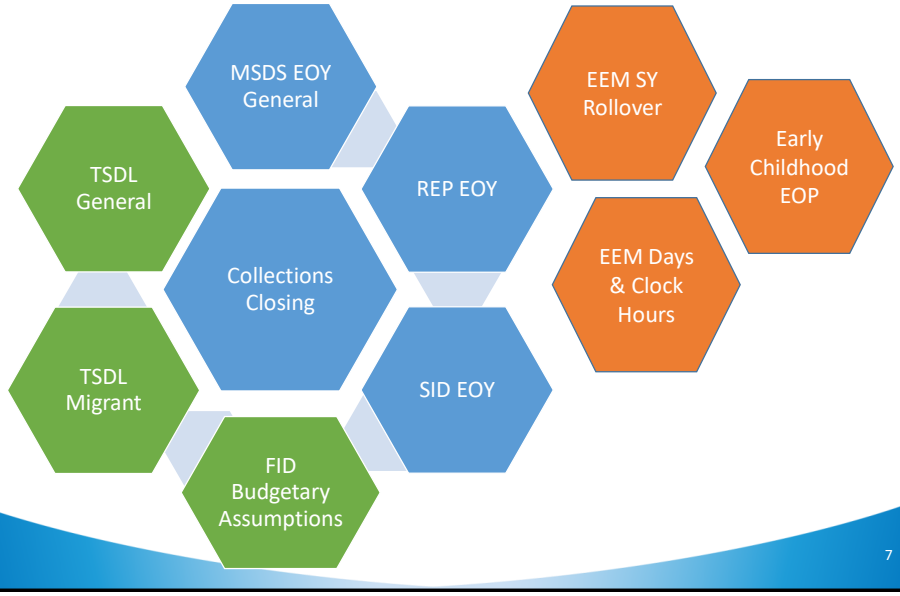

And more…

6

6

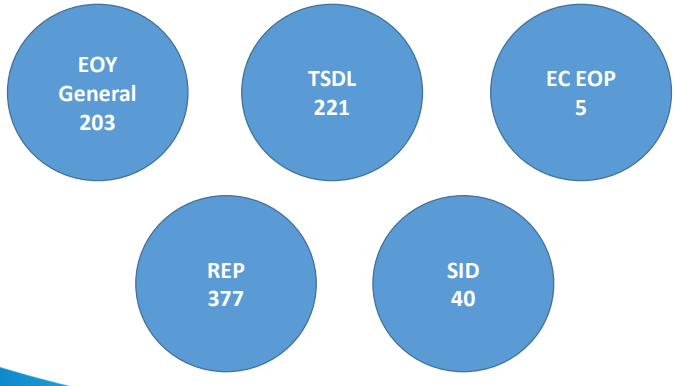

Still more…

7

7

We also processed a few reopen requests

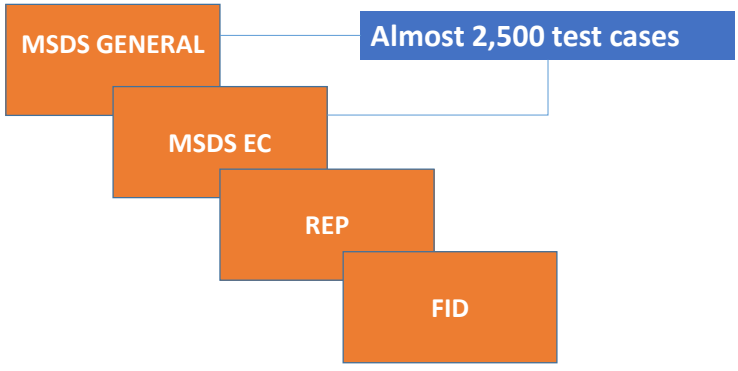

8

Don’t forget the collections that opened

SRM Appeals	GAD	REP 24x7	FID 4094
STARR	MPDI	MPDI Tuition & Fees	FID 4096

9

…And regression testing for upcoming collections

10

All of this takes a little support….

JUNE

- 1,665 Customer Support Phone Calls and Emails
- Customer Support short-staffed
- All analysts pitched in for responses

JULY

- 2,302 Customer Support Phone Calls and Emails
- Customer Support fully staffed
- Continued support from entire team

Note: These numbers do not include our outreach contacts to school districts via email and telephone to ensure timely and complete submissions!

11

And EXTENSIVE analysis…

- **270** external analyses
  - 220 in June/July
  - 90 during first week in July
  - 40,000 emails
- Nearly **550** business rule checks executed
- **1800** internal analyses executed
  - 1200 on REP alone

- Prepping for Fall
  - Building MPDI – Tuition & Fees
  - Building FID
  - Building MSDS – STARR
  - Planning EEM
  - Planning FID 4094 / 4096
  - Planning MCCDI
  - Planning MSDS Fall General
  - Planning Fall Early Childhood
  - Planning TSDL Migrant
  - Planning REP

12

And overcoming challenges…

June:

- EEM issues during SY rollover
- Missing data from MSDS DQ snapshots
- REP duplicate PICs – system unexpectedly offline
- System disk space issues
- System performance issues
- System crashes during deadline week
- Overnight database maintenance running into the morning

July:

- TSDL submissions caused processing delays in reopens
- One district missing from MSDS EOY closeout
- Re-write of TSDL DQ snapshot prior to closeout
- TSDL overloads and server reboots
- TSDL academic year defaulting to wrong school year – required manual updates and district resubmissions
- Server reboot on TSDL deadline morning
- Grad rate processing delayed 1 week

In conclusion…

13

People at CEPI do walk on water!!

CENTER FOR EDUCATIONAL PERFORMANCE AND INFORMATION

14

New for 2019-20

- ~~Early On (MSDS) – Sec 54d~~
- Read by Grade 3
- 2019-20 TSDL Collections – SCED v6
- English Learner
- REP changes

15

15

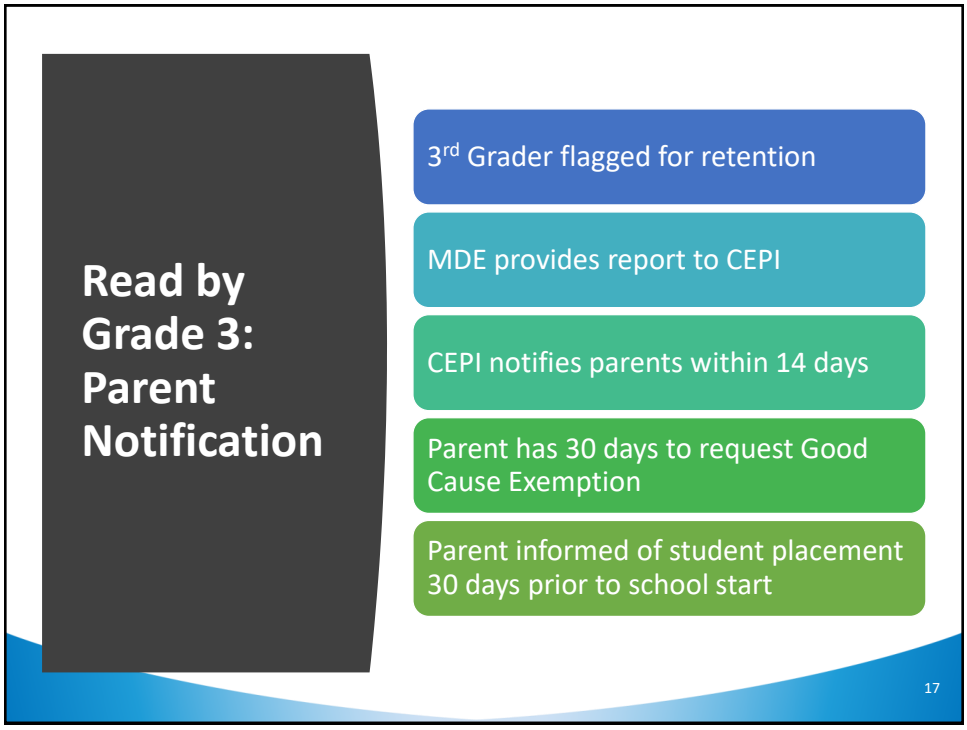

Read by Grade 3: Early Reading Deficiency

2019-20 School Year

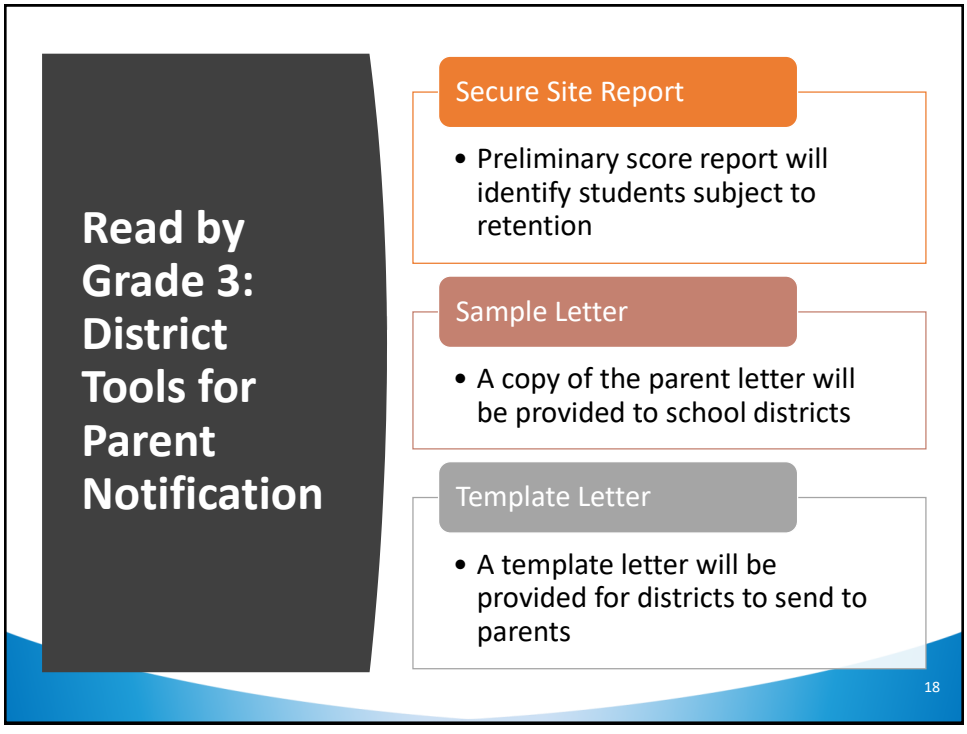

New Reading Deficiency Activity Code	Business Rule Changes:
• 06: Read At Home Plan	• Fall, Spring, SRM: required at exit • EOY: required for all *(similar to attendance)* • IF Reading Deficiency Identified = No, THEN Reading Deficiency Continuation = No

16

16

Read by Grade 3: Parent Notification
3rd Grader flagged for retention
MDE provides report to CEPI
CEPI notifies parents within 14 days
Parent has 30 days to request Good Cause Exemption
Parent informed of student placement 30 days prior to school start
17

17

Read by Grade 3: District Tools for Parent Notification
Secure Site Report
• Preliminary score report will identify students subject to retention
Sample Letter
• A copy of the parent letter will be provided to school districts
Template Letter
• A template letter will be provided for districts to send to parents
18

18

Read by Grade 3: Retention Report

By September 1, 2020

Districts must report for students subject to retention

Pupils retained in grade 3	Pupils promoted to grade 4

IMPACT: Approximately 5,000-6,000 students statewide

19

19

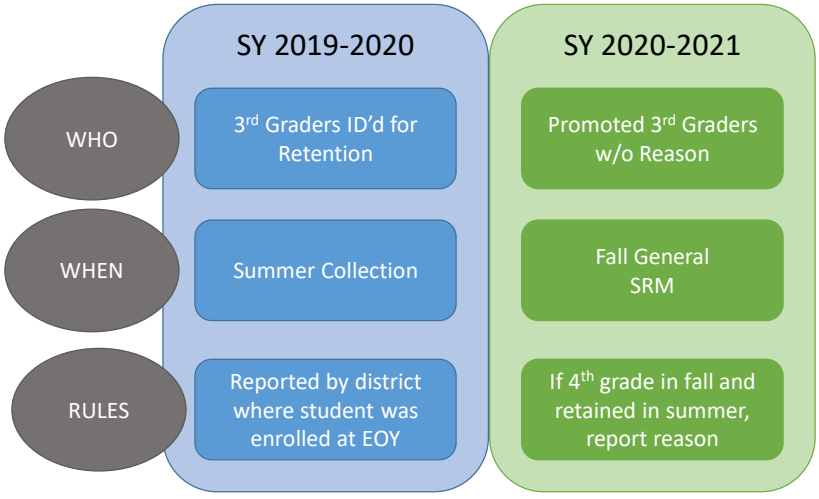

Read by Grade 3: Retention Report

New collection	• Opens Summer 2020 • Due by September 1, 2020
End of Term Status	• Promoted • Retained
Promotion Reason	• Promotion Reasons • Good Cause Exemptions

20

20

Read by Grade 3: Retention Report SY Transition

21

21

2019-20 TSDL Collections

- School Courses for the Exchange of Data (SCED)
- Aligning to version 6.0
  - Both Migrant TSDL and General TSDL
- Biggest impact: Prior to Secondary codes
- 2019-20 is transition year
- Full implementation in 2020-21
- Codes submitted under v1 → mapped to v6

22

22

2019-20 TSDL Collections

- Subject Area Codes 23 & 24 added to schemas
- TSDL/REP Crosswalk will be updated
- Working on a crosswalk for v1 to v6

23

23

English Learner Updates

- No longer reported in EC Collection
- Rule 100.29

(students previously reported EL → not currently reported EL)

  - Now looks back 4 years (previously "all time")
  - Excludes Grade 30

24

24

English Learner Updates

EL Exits:

- Currently, students must be proficient on the WIDA and local assessment in order to be exited
- Recently, MDE received conditional approval for students to be exited as proficient based on the WIDA only

25

25

English Learner Updates

The solution? EL Auto Exit!

- MDE will share WIDA results with CEPI
- WIDA results shared with districts via Secure Site / Data Hubs
- Proficient students → automatically exited
- Districts will not need to report the exits

When?

- Targeting June 2020
- Status update in Spring

26

26

2019-20 REP Changes

- Fields retired/removed:
  - Field 10 Characteristics
    - Administrator Continuing Education
    - Highly Qualified status
  - Field 11 (Title I/II, Part A)
  - Field 28 (Full Time Base Annual Salary)

27

27

2019-20 REP Changes

- New assignment codes
  - Mentor Teacher
    - Similar to Literacy Coach
  - CTE Plumbing-Pipefitter and Sprinkler Fitter

28

28

2019-20 REP Changes

- Field 17: Type of Credential
  - Code 02 (Pending) changed to "No Valid Credential"
- Title IX administrator assignment code
  - Removed from REP
  - Added to EEM Contacts

29

29

MI Data Hub Update

- Participation
- UIC Integration
- Student Snackpack
- MSDS Integration

Program Participation	Section 31a At Risk
SPED Plan Date	
Primary Disability	
SPED Program	

33

33

MI Data Hub Update

Student Snackpack – Updated Timeline

- CEPI and MI Data Hub development: complete
- Pilot Vendor development: testing
- District Pilot: October 2019
- Live: November 2019

34

34

MI Data Hub Update

MSDS Integration Status

- 6 pilot districts:
  - Big Rapids (Skyward)
  - Clawson (MISTAR)
  - Mt. Morris (Synergy)
  - Ottawa Area ISD (Infinite Campus)
  - Sturgis (Powerschool)
  - Whiteford (eSchool)

35

35

MI Data Hub Update

MSDS Integration Status

- Phase 1:
  - Extract XML file from Data Hub Cockpit →
  - Upload into MSDS
- Project scope:
  - All data needed for MSDS is being captured
  - Data meets MSDS schema/business rule requirements
  - Reports that mimic MSDS system reports
  - Compare data with an XML file from SIS
  - Extract files that meet MSDS schema requirements and contain data "as of count day"

36

36

MI Data Hub Update

MSDS Integration Status

- Timeline:
  - Development complete: October 7
  - Pilot District parallel testing: October/November
    - Submit normally in production
    - Submit data hub MSDS file in test environment
  - Analysis complete: December
  - Pilot district "live" submission: Spring 2020
- Future state:
  - Automated submission between Data Hubs & MSDS
