## Our Core Values...

What do we believe drives our work for the Association? MPAAA has highlighted the following areas of focus for our Association's work on behalf of our membership.

- To inform and educate our membership through training
- Attendance and accountability
- Data collection and accountability

## A Note from the MPAAA Director

Welcome to the 2024 MPAAA Spring Conference! We have an excellent agenda this year, perhaps our best ever!

Introducing a fresh addition to our conference: Tuesday morning breakout sessions will now offer 40-minute 'Quick Hit' sessions, allowing you to attend two within the usual 90-minute block. Each course will be offered twice during this period, giving you the flexibility to choose the sessions that best suit your interests and schedule.

As always, you'll have ample opportunity to network with your colleagues during sessions and meals.

We're excited to bring back our SIS-specific sessions this year. With the content of these much-requested sessions freshly revised, we are sure you'll find them especially useful.

We have a listing of some excellent local restaurants at the registration desk if you are looking for inspiration for dinner, but be sure to be back for our annual Euchre AND CORNHOLE Tournaments at 7 PM on Tuesday evening (These are SEPARATE tourneys, not some odd combo event!). We'll have food and a cash bar. We'll also have some games available if Euchre or Cornhole aren't for you. You don't need a partner to play, just an interest in some fun company!

I hope you'll all have an informative, productive time at the conference, and maybe have a little fun as well. If there is anything I or the MPAAA Board can do to improve your experience, please don't hesitate to let us know. Thanks and welcome!

## Thank You to all of our Vendors!

# Committee Membership

One of the most vital links that MPAAA maintains with its member community is the committees that we utilize to accomplish much of the association's planning and accomplishments. We have committees that cover several areas of both Pupil Accounting and Auditing, as well as 'functional' committees that assist in the management of the association. If you are interested in joining our board in the future, it is recommended that you participate on one or more committees so that you can become familiar with the inner workings of the association. **If you are interested in joining any of the committees below, please email our Director, Rob Dickinson, at [rob@mpaaa.org](mailto:rob@mpaaa.org).**

## **Auditor Advisory Committee**

This group works to review recent changes in auditing requirements, update pupil accounting forms and documents, and continuously strives to encourage more consistent auditing practices across the state. It is chaired by the Auditors Representative.

## **Finance Committee**

This group will assist in the development of the budget for MPAAA and review and assist with developing financial controls, reporting, and investment opportunities. It is chaired by the Board's Treasurer.

## **Strategic Planning Committee**

This group is responsible for review and revision of the strategic plan for MPAAA and for the bi-annual review and recommended revisions to MPAAA By-Laws. **This committee will be working on revising the Strategic Plan during the 2024-25 session. If you would like to be a part of this process, please contact Rob Dickinson at [rob@mpaaa.org](mailto:rob@mpaaa.org).** This committee is chaired by the MPAAA Sergeant-at-Arms.

## **LEA/Data Committee**

This committee reviews and investigates recent changes in pupil accounting and data reporting rules and regulations with an eye towards keeping members well informed. It is chaired by the MPAAA LEA and Data Representatives.

## **Marketing Committee**

This committee is responsible for developing membership opportunities, increasing MPAAA membership and member participation, and to publicize and market MPAAA as the premier provider of information and training related to pupil accounting and educational data collection. It is chaired by the Marketing Chair.

## **Program Committee**

This committee plans and assists in the development of MPAAA training opportunities including conferences, workshops, and web-based learning options. It is chaired by the Past President.

## Follow us on FaceBook!

For updated information on happenings affecting Pupil Accounting/Auditing in the State of Michigan, or just keeping up with peers from across the state, make sure to follow MPAAA on FaceBook!

## Conference Goal

The goal of this and every conference is to provide current information for ISD Auditors and for local staff who are responsible for pupil accounting, state reporting and data collections. Each conference is a must attend for anyone seeking certification as a Pupil Accounting Specialist, Pupil Accounting Auditor or Specialist in Educational Data.

## State Continuing Education

### Clock Hours

If your district **requires** you to have a certain number of State Continuing Education Clock Hours submitted to MDE (typically for administrators, counselors, teachers), please check that box at the top of the card. If you are working on MSBO certification **only** and do not need the clock hours, check the MSBO certification only box on the cards. This will allow your credits to be applied correctly.

Please make sure to grab the blue SCECH card at registration and return the completed form before you leave on Wednesday. Collection boxes will be available at the registration desk.

## Conference Evaluations

The evaluations are an important tool used to make future conferences even better. You will receive your evaluation via email shortly following the conference. We appreciate your time in completing these online evaluations!

## Check it Out!

Monday, May 6 is our annual Vendor Exhibits during lunch. Besides our national vendors we do have some fun vendors! We have an extended lunch that day and we have also arranged for a plated lunch so there will be no waiting to get your meal.

**Interactive Dining Guide:** Looking for some good restaurants while at conference? Check out the Interactive Dining Guide. We have updated it for 2024 to make sure all of the restaurants are still open and haven't changed their hours. There are some new ones on this year's guide. You can find it at this website:

# Certifications for:

**~Pupil Accounting**

**~Pupil Auditing**

**~Educational Data**

MPAAA, in conjunction with Michigan School Business Officials (MSBO), is pleased to offer our members the opportunity to gain certification as either a Pupil Accounting Specialist, a Pupil Accounting Auditor, or as a Specialist in Educational Data. These widely recognized certifications show your current and potential employers that you are proficient in your area of expertise, and can help you promote yourself and your career.

The certifications each have a required set of classes that need to be completed within a 3-year timeframe from the date you sign your letter of commitment for your desired educational track. The courses are designed to cover the basics of the particular track you are pursuing and are intended for those in their first 1-5 years in their job. For those with more than 5 years of experience, there is a grandfathering option that may allow you to waive some of the course requirements. The courses for each certification take 50 hours to complete, and there is a 90-hour continuing education requirement over 5 years once you have your certification.

To begin a certification, you need to be a member of MPAAA, as most of the courses you will take are offered either at our conferences, boot camps, or during stand-alone workshops. There are a few additional courses that are part of MSBO's curriculum that are only offered at MSBO functions. You will also need to join MSBO when you are ready to finish your track and acquire your official certification. If you are unable to complete all the required courses within 3 years, there are extension options available.

You can find specific information on each of the certification tracks, as well as additional information, at the MSBO certification website, <http://www.msbo.org/msbo-certification-program>. Application forms, letters of commitment, and grandfathering forms are all available on this site. You can always contact the MPAAA office at (517) 853-1413, or email our Executive Director, Rob Dickinson ([rob@mpaaa.org](mailto:rob@mpaaa.org)) for assistance.

Keep in mind that if you are actively working on a certification, or already have one and you want this conference to count towards your continuing education renewal, it's important that you complete the blue certification form and hand it in BEFORE you leave the conference! **If you try to send it in later, we won't be able to give you credit for the time and courses you've completed.**

## Thank You to our State Agency Partners

One of MPAAA's primary goals is to maintain and strengthen the bonds between the Association and the State Agencies with whom we work. Sometimes one of the most thankless jobs is to stand before our membership and deliver news on legislative changes that mandate new collection requirements on our members. We are fortunate that our State Agency Partners take the time out of their busy schedules to make sure that our membership is kept in the loop on these new requirements. The Association would like to thank the following MDE and CEPI staff for attending or contributing to our conference and making themselves available to our members:

Brandon Baryo, CEPI  
Jessica Beagle, MDE
