Spring 2015 MPAAA Conference

DATE / TIME		SESSION / EVENT ITEM DESCRIPTION	LOCATION / ROOM	PRESENTER	FACILITATOR
Sunday, May 3	4:00 PM - 6:00 PM	Registration Open		Nicole Snyder, Calhoun ISD Marketing & Membership Chair	
	1:00PM- 3:00PM	Board Meeting	Mackinac A	MPAAA BOARD MEETING	
Monday, May 4	**7:00 AM - 9:30 AM**	**Registration Open**		**Nicole Snyder, Calhoun ISD Marketing & Membership Chair**	
	7:00 AM - 8:00 AM	Breakfast	Michigan Ballroom		
	8:00 AM - 8:15 AM	General Membership Meeting	Michigan Ballroom	Leslie Shamel	
	8:30 AM - 9:30 AM	Legal Issues Pt 1 *	Governors ABCD	Lisa Swem, Thurn Law	Carolyn Claerhout, Oakland Schools
10:45 - 11:00 AM Break	Option 1 9:35 AM - 12:35 PM Or	Intro to Pupil Accounting I	Tower AB	George Wytko, Calhoun ISD, Mary Beth Stein, TCAPS	Sally Riffle, Wexford-Missaukee ISD
		Intro to Pupil Auditing	Mackinac A	Barbette Lane, Wexford-Missaukee ISD	Loret Roberts, Copper Country ISD
		Days and Clock Hours	Tower C	Brian Ciloski, MDE, Jill Slaght, Calhoun ISD	Jill Slaght, Calhoun ISD
	Option 2 9:35 - 10:50 AM OR	Legal Issues Pt 2 (continued for certification)*	Governors ABCD	Lisa Swem, Thurn Law	Carolyn Claerhout, Oakland Schools
	Option 3A 9:35 - 10:45 AM and	Pupil Accounting Specialists Forum	Governors EF	Brenda Weir, Lapeer ISD, Kat Caron, Oxford Community Schools	Kat Caron, Oxford Community Schools
		Pupil Accounting Auditors Forum	Council Room	Sally Washington and Carrie McConnell, Clare Gladwin RESD	Louise Mancuso, Oakland Schools
		Educational Data Specialist Forum	Directors Room	Tom Cleary, Ingham ISD	Curt Barnum, Clarkston Community Schools
	Option 3B 11:00 - 12:00 PM	Introduction to Excel	Mackinac BC	Janell Craig, Oakland Schools	
		Auditors Take Note: MSDS Reports and you!	Council Room	Leslie Shamel, Lapeer ISD	Monica Hill, Washtenaw ISD
		Oh! The Places Our Students Go (and how to count them there!)	Governors EF	Beckie Reed, Lakeview Schools, Laura Whipple, Calhoun ISD	Angie Kania, Alpena Public Schools
		MI-School Data	Peninsula Ballroom	Kristi Martin, Macomb ISD	Jan Dodge, Holt Public Schools
		Shared Time Primer	Directors Room	Jackie Laymac, Laymac and Associates	John Petitto, NexStep and Associates
	12:00 - 12:30 PM	Those not in certification classes please feel free to take a walk, shop or network until lunch is served at 12:30			
	12:30 - 1:30 PM	Lunch	Michigan Ballroom		
	1:30 - 2:45 PM	CEPI Update	Governors ABCD	Doris Mann, CEPI	Leslie Shamel, Lapeer ISD
		"Auditors: Let's Talk!"	Directors Room	RJ Webber, Novi Schools	Ellen Perry, Ingham ISD
	2:45 - 3:00 PM	Break			
	3:00 - 4:00 PM	OMG.. I'm Doing Pupil Accounting!	Mackinac A	Brenda Weir, Lapeer Schools	Kristina Tokar,Lansing Public Schools
		Implementing a Truancy Program	Peninsula Ballroom	Sally Washington, Clare Gladwin, Jackie Laymac	Jackie Laymac, Laymac and Associates
		Oh! The Places Our Students Go (and how to count them there!)	Tower AB	Beckie Reed, Lakeview Schools, Laura Whipple, Calhoun ISD	Kathi Thornton, Kent ISD
		Pupil Accounting and MSDS Reports	Governors EF	Christian Anderson & Paul Cameron, Macro Connect	Janice Jenema, Cadillac Public Schools
		Auditors Take Note: MSDS Reports and you!	Council Room	Leslie Shamel, Lapeer ISD	
	4:00 - 4:30 PM	Legislative Committee Meeting	Executive Boardroom		
Tuesday, May 5	**7:30 - 9:00 AM**	**Registration Open**			
	7:30 - 8:30 AM	Buffet Breakfast	Michigan Ballroom		
10:00 - 10:15 AM Break	Option 1 8:30 - 11:45 AM OR	Auditing I	Governors ABCD	Janice Gray, Oakland Schools, Debbie Caperton, Wayne RESA	Debbie Caperton, Wayne RESA
	Option 2a 8:30 - 10:00 AM And	Teacher Student Data Link (TSDL) Refresher	Governors EF	David Erbes, Ionia ISD	Leslie Hite, Dexter Schools
		Residency Rules!	Tower AB	Carolyn Claerhout, Oakland Schools	Ellen Perry, Ingham ISD
		This isn't your grandma's attendance data	Tower C	MDE staff, Doris Mann, CEPI, Cindy Rakocy, Huron Valley	Jackie Laymac, Laymac and Associates
		"The Talk"	Directors Room	RJ Webber, Novi Schools	Kathi Thornton,Kent ISD
		Technology Readiness Infrastructure Grant (22i TRIG) Update	Mackinac BC	Don Dailey, Kalamazoo RESA	Kat Caron, Oxford Community Schools

Spring 2015 MPAAA Conference

DATE / TIME		SESSION / EVENT ITEM DESCRIPTION	LOCATION / ROOM	PRESENTER	FACILITATOR
10:00 - 10:15 AM Break	Option 2b 10:15 - 11:45 AM	CEPI Crisis Hotline	Mackinac A	Jim Hines, CEPI	Angie Kania, Alpena Public Schools
		Pupil Accounting and MSDS Reports	Governors EF	Christian Anderson and Paul Cameron, Macro Connect	Colleen Land, Lansing Public Schools
		Student Data and Accountabilty Scorecards: Connections	Tower AB	Matt Gleason and Chad Bailey, MDE	Beckie Reed, Lakeview Public Schools
		REP and Teacher Verification	Peninsula Ballroom	Gloria Suggitt, MDE, Joel Thiele, CEPI	Jan Dodge, Holt Schools
		Introduction to Special Education	Council Room	Jennifer Tindall, Lapeer Community Schools	Cindy Housel, Huron Valley Schools
		"The Talk II"	Directors Room	RJ Webber, Novi Schools	Sheila Holly, Novi Schools
	11:45 AM - 1:15 PM	Lunch and Awards	Michigan Ballroom		
2:30 - 2:45 PM Break	Option 1 1:15 PM - 4:15 PM OR	Auditing II	Tower C	Barbette Lane, Wexford-Missaukee, Jody Lukins, Allegan Area ESA	Barbette Lane, Wexford-Missaukee ISD
	Option 2a 1:15 - 2:30 PM and	Legislative Update	Governors ABCD	Carolyn Claerhout, Oakland Schools	Leslie Shamel, Lapeer ISD
		XML to Access	Directors Room	Janell Craig, Oakland Schools	Janell Craig, Oakland Schools
		Connecting your district with data/What data specialists can do	Tower AB	Cindy Farley, Leslie Public Schools	Curt Barnum, Clarkston Community Schools
	Option 2b 2:45 - 4:00 PM	Student Data and Accountabilty Scorecards: Connections	Directors Room	MDE - Office of Accountability	Angie Kania,Alpena Public Schools
		Making 5-0-A, 5-0-B,5-0-D work in your district	Governors EF	Ellen Perry, Ingham ISD; Beckie Reed, Lakeview Schools	Beckie Reed, Lakeview Schools
		Connecting your district with data/What data specialists can do	Tower AB	Cindy Farley, Leslie Public Schools	Curt Barnum, Clarkston Community Schools
		Troubleshooting XML	Mackinac A	Jim Hines, CEPI	Janell Craig, Oakland Schools
		Which One? Which One? Which One?	Peninsula Ballroom	Brenda Weir, Lapeer Schools	Kristina Tokar,Lansing Public Schools
	4:10 PM - 5:00 PM	Auditing Committee Meeting	Peninsula Ballroom		Sally Washington, Clare-Gladwin RESD
	4:10 PM - 5:00 PM	LEA Committee	Mackinac A		Jan Dodge, Holt Schools
	7:00 PM	Euchre Tournament and Game Night	Michigan Ballroom		
Wednesday, May 6	**7:45 AM - 8:45 AM**	**Data Committee**	Executive Boardroom		
	8:00 AM - 9: 00 AM	Breakfast	Michigan Ballroom		
	9:00 - 10:00 AM	31a - At_Risk Students	Governor EF	Leslie Hite, Dexter Community Schools, Lee Craft, MDE, Margarita Frommert, MDE	Julia Troyer, Watervliet Public Schools
		MSDS and DAS - Practioners at work	Tower AB	Tina Foote, MDE, Melissa Tront, St. Joseph County ISD	Jackie Laymac, Laymac and Associates
		From Cradle to Cubicle: The Story of Student Data	Directors Room	Trina Anderson and Tom Howell, CEPI	Curt Barnum, Clarkston Community Schools
		Auditor update for Pupil Accountants	Peninsula Ballroom	Loret Roberts, Copper Country ISD	Nicole Snyder, Calhoun ISD
		Auditing Pop I and Pop II	Tower C	Gloria Suggitt, MDE, Naomi Krefman, MDE	Ellen Perry, Ingham ISD
		Introduction to Special Education	Mackinac BC	Jennifer Tindall, Lapeer Community Schools	Brenda Weir, Lapeer ISD
	10:00 - 10:15 AM	Break			
	10:15 - 12:00 PM	State Agency Panel	Governors ABCD		Kelly Powers, Muskegon ISD
	12:00 PM	Conference Ends - Safe Travels Back Home			

* Must attend both sessions to receive certification credits

Certification Classes

Pupil Accounting Legal Issues
Meet with Lisa Swem, Thrun Law Firm, as she shares the legal perspective on current educational issues. You will be exposed to an introduction to the legal issues facing Pupil Accounting, Pupil Auditing and State Reporting staff related to educational issues; enrollment issues, FERPA, student records, teacher certification, etc., as well as data quality and data collections. This session will fulfill the MSBO Pupil Accounting Legal Issues requirement for Pupil Accounting Specialists and Pupil Accounting Auditors. (To receive certification credit, you MUST attend both conference sessions listed on the conference agenda).

Introduction to Pupil Accounting I
Pupil Accounting I introduces staff new to pupil accounting to the Pupil Accounting Manual (PAM) and requirements related to count days. This presentation includes a review of timelines, enrollment requirements and information about the three student populations as defined by the PAM. This session will fulfill the MSBO Introduction to Pupil Accounting I certification requirement for Pupil Accounting Specialists, Pupil Accounting Auditors and Educational Data Specialists.

Introduction to Pupil Auditing
This introduction to pupil accounting auditing focuses on learning the basics of preparing for an audit, acronyms, quality control reviews and tips related to the audit narrative. Embedded in this session are tips on ways to connect and work with various officials with the Michigan Department of Education (MDE). This session will fulfill the MSBO Introduction to Pupil Auditing certification requirement for Pupil Accounting Specialists and Pupil Accounting Auditors.

Days and Hours
What counts? How do you handle passing time? How do you calculate hours? This session is both the nuts and bolts of the basics of Days and Hours and includes an opportunity for auditors and district staff to hear how 'the other half lives". An overview of current requirements as they relate to the school district calendars is also included. This session will fulfill the MSBO Days and Hours certification requirement for Pupil Accounting Specialists and Pupil Accounting Auditors.

****** A specials note about the Discussion Forums*****
The discussion forums are an opportunity for participants to get together in an informal setting to examine issues as they relate to Pupil Accounting, Pupil Auditing or Educational Data. ***There is no formal agenda****. Your host may have a list of possible topics for discussion. However, you as a participant are as much a part of the success of this session as the host. Please come with topics of interest to you and prepared to fully engage in the discussions. These sessions are not 'sit and get' – they are about sharing and learning from one another.*

Pupil Accounting Specialists in Action (Discussion Forum)
Join your peers in this roundtable discussion involving timely issues faced by pupil accounting specialists. This forum is a facilitated discussion—not a training session—where participants will have the opportunity to share ideas, strategies and best practices. Be prepared to recharge your knowledge and offer helpful hints to assist your peers.

Pupil Accounting Auditors in Action (Discussion Forum)
Join your peers in a roundtable discussion involving timely issues faced by pupil auditors. This forum is a facilitated discussion—not a training session—where participants will have the opportunity to share ideas, strategies and best practices. Come prepared to offer helpful hints from your experience as an auditor to assist your peers.

Educational Data Specialists in Action (Discussion Forum)
Take this time to share best practices about data quality and state submissions. This forum is a facilitated discussion—not a training session—where participants will have the opportunity to share ideas, strategies and best practices. This is a relatively new discussion forum. We hope you will find ways to engage each other in productive conversations about the work you do for your district or ISD.

Introduction to Excel
There are few better tools than Excel to help you do your job as a pupil accountant and/or data specialist. It allows you to store, organize, and analyze information. Join us for this session where you will learn your way around the Excel environment, modifying columns, rows and cells, and sorting and filtering cells. Discussion that focuses on how a pupil accountant or data specialist can use Excel will be included.

Auditors Take Note: MSDS Reports and You!
Take a look at all the information the Center for Educational Performance and Information (CEPI)'s Michigan Student Data System (MSDS) has to offer auditors as they work on their district audits. A review of MSDS reports – where they are located in the system as well as how and when to use them will be the focus of this session. Included will be FTE comparisons, Section 23a summary, Section 25e and more! Time will be set aside for questions.

Oh, the places our students learn (and how to make sure we can count them there)!
From part-time or shared time students to all those virtual learning options (all those POP III students), tracking the students and data can be challenging. Review the requirements and get some tips on getting the data right for your district. Joining the discussion will be an ISD auditor who will provide guidance in making sure you can count every single one of those POP III students.

MI School Data - Using the data in the system for district decisions
Learn more about the set of tools MI School Data offers designed to aid the facilitators, intervention specialists, and coaches who are working with priority and focus schools on school improvement plans. The good news is that anyone in the education community working on a school improvement plan (with a secure login) is bound to love these tools because they include handy Top 30/Bottom 30 analyses, proficiency targets, achievement scatterplots, and more!

Shared Time Primer
Your district has decided to take the leap into providing educational services to non-public school students. You have a signed agreement. What are your next steps? What pitfalls do you (and your administrator) need consider? How is the FTE calculated? Does this work in a virtual environment? How do you report this to MSDS? What will your auditor need to award the proper FTE?

CEPI (Center for Educational Performance and Information) Update
This is a must see session for Pupil Accountants and Educational Data Specialists. CEPI staff will cover what's new with the Michigan Student Data System along with what you may need to know about current and upcoming collections. We know there are changes related to 31a and 64b for the current year, but it is likely we will see some changes to other collections as well.

"The Talk" for Auditors
The job of an ISD auditor is tough! No doubt about it. One of the biggest challenges is the large variety of audiences you work with on a daily basis: your supervisor at the ISD, MDE staff, district superintendents, district staff, etc. Join us for a unique session, designed just for you, the ISD auditor. You will be presented with some tools to use to communicate with those various audiences in a meaningful way and have a chance to practice in a safe and fun environment. Rarely, are you given the opportunity to participate in a professional development activity that focuses on life-long learning and not on the giving and taking of an FTE.

OMG… I am a Pupil Accountant!
This session is scenario based training. We will walk step-by-step through a student enrolling, what information is needed for reporting and to which collection in MSDS. We will cover multiple types of scenarios to work with different populations of enrolling students to include; special education, LEP, homeless and as many others as we have time for.

Implementing a Truancy Program
Juvenile crime statistics support the fact that if kids are not in school, many of them are starting a file at the local prosecutor's office. Hear, firsthand, from a truancy officer with more than 10 years of experience and a former district administrator about their programs throughout the years. The discussion will include creative ideas to promote school attendance, consequences for noncompliance, strategies once the truancy referral is made, and working with outside agencies and the court system.

Auditors Take Note! MSDS Reports and You
Looking for ways to be more efficient when you are auditing? Interested in learning how using MSDS reports may help you to satisfy auditing requirements? From FTE comparison to Section 23a, this session will be chock full of tips about how and when to use MSDS reports to help you, the pupil accounting auditor. Bring your reporting questions to this new session!

Pupil Accounting and MSDS Reports
What a great feeling. You have uploaded your collection into MSDS. No field level validation errors and no file failures. But, wait! There is more, so much more, you can do to ensure your file is the best it can be. MSDS offers a variety of reports providing you with the opportunity to view and analyze the data. Included will be a review of the data staging area reports and certified data reports and why you want to use them.

Auditing I
A step-by-step process for desk audits will be presented, including how to work with your local school districts in order to make the desk audit more efficient/less painful for everyone. Key issues for desk audits will be discussed, including special education balancing, confirming residency, reviewing district documentation, and other trouble spots auditors deal with. Tips on developing a communication strategy with district staff on identified issues will also be addressed. In an effort to improve auditing consistency across the State, all auditors are encouraged to attend this session.

Teacher Student Data Link (TSDL) Refresher
A lot has happened with Teacher Student Data Link collection since its inception. Originally used as a mechanism to generate a teacher effectiveness code, this collection is used in determining your Academic Scorecard. In addition, outside researchers use this in reporting the effectiveness of online learning to the Michigan Legislature. This session will provide a refresher of the requirements and time lines of this submission, and discuss the changes that submitters will need to be aware of. Techniques and pitfalls will also be discussed.

Residency Rules!
School funding is based on a student's school attendance, age and residency. This session will answer the big questions. What is residency, what are the requirements, how do you verify residency and what are the exceptions, that is, how can a school enroll nonresident students and claim FTE?

This Isn't Your Grandma's Attendance Data
As school environments evolve to meet the needs of today's students and tomorrow's workforce, determining a student's "attendance" has become more challenging. Is a log-in record an attendance record? In a blended class, does the student need to be in class and log-on to be counted a full day? How do we track attendance for dual enrollment courses? How should Seat Time Waiver students be reported in MSDS at the end of the year (separate from what we give our auditors!)? Bring your challenges to this session where we'll discuss what is required and recommended.

The Talk
If you have not experienced "The Talk" with RJ Webber, here is your chance! The work of pupil accountants, pupil auditors and data specialists is critical to the success of your district or ISD. Need some tools to use to better communicate why and how your work impacts the district bottom line to your administrators? This is the session for you. Learn to develop a communication plan for every encounter with your administrator. Participants will have the opportunity to practice in a safe and fun environment. For anyone who has already attended this session, RJ has designed a new, advanced session "The Talk II". That session will be offered at a later time on Tuesday morning.

Technology Readiness and Infrastructure Grant (TRIG) Update
If you are interested in the changing landscape of Student Information Systems in Michigan or how your data may be more accessible in the future (perhaps making your job easier!?), you don't want to miss this session. While, the focus of this grant is to develop or improve district technology infrastructure, including, but not limited to, hardware and software, there are elements of the grant that focus on the storage and use of data. This session will provide an update on the various grant projects.

CEPI Crisis Hotline
Jim Hines, CEPI's Customer Support Team Supervisor, will lead the group in guided discussion while providing insight into the age out questions: What is CEPI? What do they do? More importantly, what am I supposed to do as a brand-new user of the MSDS, REP, SID, or any of those other weird CEPI acronyms? Presenters from CEPI's customer support team will cover what CEPI does, the different data collection applications, the training resources and manuals available from the CEPI website and where to go for additional help and support. There will also be time for questions and answers.

Student Data and Accountability Scorecards: Making the Connections
Get the 'who', 'what', 'where' questions answered about what happens to MSDS data when it hits the Department of Accountability Services (a division of MDE). Where does our MSDS data go when pulled by MDE? What happens to that data once it gets there? How is it used (in broad terms) by the Division of Accountability Services (DAS)? What does DAS want those who submit state reporting (MSDS) to know about in relation to data quality? What do the recipients of that DAS data do with it? Come to this session for the answers!

REP and Teacher Verification
A brand new tool for auditors, the REP Report provides information about the district's teaching staff to help in your credential audit. The details of this report will be covered along with tips for using it.

Introduction to Special Education
Learn about program codes, worksheets A and B, how to calculate special education FTEs and how FTES flow to the 4061. Learn about the difference between program assignment and educational setting.

The Talk II
You attended one of the previous "The Talk" sessions here at MPAAA. You have developed a plan of action that helps you better communicate with your administrators about the incredibly important work you do. Here is your chance to take your experiences to the next level. Join RJ Webber for an advanced session of the "The Talk". His presentation and interactive and approachable style is sure to engage you and prepare you for what's next on the communication continuum.

Auditing II:
Learn about key issues from the field including compliance, risk assessments, determining proper sample sizes, and review of the ever-changing and ever-confusing Population III pupils. Techniques for working with district staff in the field and handling teacher and staff interviews will also be included. In an effort to improve auditing consistency across the State, all auditors are encouraged to attend this session.

Legislative Update
What new legislation is on the horizon? The Legislative Update is your chance to hear about legislation that passed and/or is pending this year that affects, you and your district. This is one of the most popular sessions at every MPAAA conference.

XML to Access
XML and MSDS State Reporting go hand in hand. Have you ever uploaded your MSDS collection and needed a report, but the report with the data you need was not available in MSDS? If you are interested in learning more about using Microsoft Access to build your XML collection report, this is the session for you!

Making 5-0-A, 5-0-B, 5-0-D work in your district
From virtual learning on-site with a teacher present to seat time waivers to 21f, you will learn about the questions to ask, procedures to follow and some best practices sprinkled in for good measure– at the district level and at the auditing level. This session will include presenters from both perspectives – district and ISD auditing.

Connecting Your District with Data: What Educational Data Specialists Can Do for Their District?
Many of our Educational Data Specialists began their careers as Pupil Accountants. The work has always been about counting students to ensure your fair share of foundation funding. But, as an Educational Data Specialist (or Data Scientist!), your skills in pulling, sorting and manipulating all of that demographic student data plays a significant role helping instructional staff (counselors, curriculum directors, principals, etc.) educate students! Get a peek at one district staff member who was able to create a model and system that put her 'at the instructional/administrative table'.

Troubleshooting XML Files with CEPI Customer Support:
The Michigan Student Data System requires all files to be uploaded in .xml format, but what does "an invalid field value was found" mean? What's a duplicate multi-valued characteristic? Where can I find and fix the schema version number? Why can't I just save my .xml file from Microsoft Excel? CEPI's customer support staff will go over common .xml file errors in the MSDS, and offer suggestions for validating files before uploading in order to minimize the stress of those MSDS deadlines.

Which one, which one, which one?
Do you ever get that feeling of "ok, which roster, collection or report is due now, and what is the purpose of that roster, collection or report?" This session will provide information about when the data is due, what data is due and where the data is then used.

MSDS and DAS – Practitioners at work
A representative from the Michigan Department of Education, Division of Accountability Services and a district representative will present this session to provide information on how student information submitted through MSDS move to and through the Secure Site ultimately affecting district accountability measure. Best practices will be shared on how the pupil accounting specialist can work with Secure Site staff to ensure that submitted data is accurate.

31a – At Risk Students
Section 31a of the State School Aid Act provides funding to eligible districts, public school academies or the Education Achievement Authority for instructional and pupil support services who meet the at-risk identification characteristics specified in the legislation. Join us as we discuss the programmatic elements of 31a with a staff member from the Michigan Department of Education. Best practices for district staff will be included.

From Cradle to Cubicle – The Story of Student Data
Early Childhood Collections, K-12 General Collections, FID, Special Education, Teacher-Student Data link and Higher Education submission – they all play a role in Michigan's Longitudinal Data System. More than 4.0 million students, 13 years of student demographic and program participation, 9 years of testing data, 10 years of financial data and 6 years of postsecondary data now tracks and connects student records over time (while protecting student privacy). Learn about your role in the story of student data in Michigan!

Auditor Update for Pupil Accountants
Pupil Accounting Auditors attending the conference pick up tips and new ways of auditing throughout the conference. But, sometimes, looping that information back to the district pupil accounting staff is lost until school begins again in September. So, throughout the conference, we have someone who will be listening for those tips and new ways of doing things and, then sharing them during this one hour session! All are welcome.

Auditing POP I and POP II (Interactive Session)
You may have attended the interactive auditing session during the Fall Conference that focused on Seat-Time Waiver. Participants really enjoyed the hands-on nature of that session and they asked for more! This session will focus on auditing best practice and how-to tips for POP I and POP II students.

State Agency Resources
Now is your time! Meet the staff from MDE – Office of State Aid and Finance, Division of Accountability Services, Office of Audits, Field Services – and CEPI. They will provide you with information about the role of each agency as it relates to pupil accounting, auditing or data submissions. Time has been set aside for them to address pupil accounting issues, answer your pre-submitted questions and take questions from conference attendees.
